

“Butterfinger” Candy

You’re going to love this!

This delicious candy started as an icing recipe and we quickly realized that it would also make a great candy. It tastes very much like a Butterfingers candy bar. Take it to a party, and you won’t feel a bit deprived!

1/2 c. real butter, at room temperature

3/4 c. honey

1-1/2 tsp. legal vanilla

1/4 c. crunchy legal peanut butter

In a medium mixing bowl, with an electric mixer, combine butter and vanilla with honey until light and fluffy. Add crunchy peanut butter and mix together.

Spoon small dollops onto waxed paper on a cookie sheet, and either refrigerate or freeze. (This recipe makes a lot, so you could cut the recipe in half if desired...)
